

Connections and Accessories for TORNADO

Z 71-2 e

01.04.2008

Item	Description	Part no.
1	Tornado	7010382
2	Advance device PUSHER	7010383
3	Positioning hose guide	7010801
4	Spray guard for pipe 300 - 600 mm	7010802
5	Protected hose ID 50 x 10 m with quick release coupling	7010384
6	HP-Hose DN 12 - 1100 bar - both ends with fitting M 24x1.5 DKO	7009339
	10 m	7000495
	20 m	7000496
	40 m	7000496
	Double nipple M 24x1.5 DKO (for hose connecting)	1050671
7	HP-Hose DN 12 x 20 m - 1100 bar both ends with fitting M 24x1.5 DKO	7000495
8	Reduction double nipple M 24x1.5 DKO – M 36x2 DKO	1050673
9	HP-Hose ID 20 - 1000 bar - both ends with fitting M 36x2 DKO	7000519
	20 m	7000520
	40 m	7000520
	Double nipple M 36x2 DKO (for hose connecting)	1050672
Pipe cleaning nozzles and nozzle carriers available for various applications see page Z 71-3 e		

It is not permitted to connect a number of hoses for cleaning pipe lines which have a number of bends in close succession.
There is an increased accident risk due to the lengths of rigid sections if several hoses are connected to each other.
